A PROPOSED PUBLIC LIBRARY DEVELOPMENT PROGRAM FOR TUOLUMNE COUNTY

A Report with Recommendations

LEARNED
APR 15 1964
MCL

The Board of Supervisors of Tuolumne County requested the services of the California State Library to prepare a suggested program of public library development for the county as the basis for determining space needs in connection with its application for the former Forest Service Administrative site, A-Calif-799. This report has been prepared for this purpose.

SERVICE PROGRAM

The Master Plan for Public Libraries in California states: "Public library services in a free society must be designed for people of all ages and variety of interests, for people as individuals, and as members of occupational, professional, and cultural groups. . . The public library should promote and serve programs of organizations in all fields of artistic, cultural, and educational endeavor."[1]

The basic elements necessary to provide a public library program are materials, personnel, and buildings and equipment.
